MORNING TIME

Who doesn't love starting the day being reminded that God made you and loves you? Fill in the blank for each person in your family: "God made you _____." Then each person can write that word down on their hand (or a sticky note to carry throughout the day) to be reminded of how God made you uniquely YOU!

DRIVE TIME

As you drive to and from VBS this week, listen to the Gadgets & Gizmos CD. As you look out the window, notice all the amazing things God created, and how creation does just what God wired it to do! When is the last time you saw a tree trying to fly like a bird, after all?! God made you in unique ways too, and He also made you to trust Him and to follow Jesus. Talk with each other about how it feels to know that the same God who made you, also cares about you and has a plan for your life. How does that change how you live your life?

MEAL TIME

Ask a kid: If you could have a superpower, what would it be? Wait—you DO have a superpower... God uniquely wired you to do something that can help others. So, how can you use your superpower to help those around you?
Ask a parent: What is the craziest fruit or vegetable you've ever seen? What does God's creativity in creating fruits and vegetables say about His creativity in creating you?

BED TIME

Read Psalm 139:14 and Matthew 5:16 together as a family. Take turns sharing one thing that makes each person unique and special in your family. Then brainstorm together how you can use those gifts and talents to shine God's light in the world. Pray together and ask God to help you shine His light in the unique way He has made you.
